PROFILE

UX Design student working across UX and visual design, with a focus on AI-driven products. Turning complex requirements into clear flows, scalable design systems and coded prototypes that test ideas quickly. Collaborating across design, product and engineering to take ideas from Figma to polished, accessible frontend experiences.

EXPERIENCE

UI/UX Design Intern · Wysbrx Technologies

Jun – Jul 2026

Remote · UGAO for Industree Foundation

- Designed 70+ high-fidelity screens for UGAO, a bamboo cultivation platform, spanning an admin web portal and a field mobile app.
- Simplified complex field workflows with bilingual support and step-by-step forms for users with varied digital literacy.
- Created a shared design system of reusable components for web and mobile, translating product requirements into flows and partnering with developers through handoff.

Research Intern · ABDA Studio

May – Jun 2025

Hyderabad · Boutique hotel website

- Led brand discovery for a boutique business hotel and built a reference board of typography, colour and layout directions.
- Audited four competitor hotel websites, including ITC Kohenur and Westin Mindspace, mapping their strengths and UX issues to find gaps.
- Conducted user interviews and synthesised key insights into the website's design direction, wireframes and early visual explorations.

PROJECTS

CoSell

B2B · Agentic AI · Dashboard

AI COPILOT FOR MARKETPLACE SELLERS

- Designed an AI copilot that helps small sellers manage pricing, inventory, returns and ads across multiple online marketplaces.
- Introduced approval flows and adjustable automation levels so sellers decide what the AI handles on its own, shown through an interactive prototype.

Paywise

Fintech · AI Risk Detection · Mobile

SCAM PROTECTION FOR UPI PAYMENTS

- Designed a safety layer for UPI apps that flags risky payments and suggests a trusted-contact check, while the final decision stays with the user.
- Prioritised plain language, large touch targets and WCAG AA contrast for older and stressed users.
